Volunteer Centres hold information on a wide range of local volunteering opportunities with many different organisations. Volunteer Centre staff can help you to find the right kind of volunteering opportunity for you, matching your skills, interests and reasons for wanting to volunteer with available opportunities to volunteer. We can also help you whilst you are volunteering or if you want to talk in confidence about your experiences of volunteering.

### **WHY DO YOU WANT TO VOLUNTEER ?**

Volunteering should be something that you choose to do and that you enjoy doing. It is a two-way relationship which should benefit; the person volunteering and the people, organisation or service that they are helping. People of all ages and backgrounds can and do volunteer.

Before you decide to volunteer, you might find it useful to ask yourself some of these questions:

*Why do I want to Volunteer? What do I enjoy doing?  
What skills do I have? What skills do I want to learn?  
How much time can I give?*

### **WHAT NEXT ?**

Once you've decided that you want to volunteer and have looked at the opportunities available. You can call us to see if we have any more information on file about specific opportunities. We'll also give you the contact numbers for your chosen opportunity/ies so that you can contact them when you are ready. At the Volunteer Centre, we don't arrange placements or put pressure on you, you contact the organisation/s when you feel the time is right.

### **BOOK AN APPOINTMENT WITH US:**

If you are not sure about what you want to do, or want to investigate a range of opportunities, your Volunteer Centre will be able to help. We can provide you with a confidential one to one discussion about your skills, interests, background and so forth and what you're looking for in a volunteer role. We can help you decide by asking you to complete our questionnaire and discussing potential matches with you.

### **WHAT THEN ?**

It is fine to contact a few different organisations to find out more about them. At this stage you are just making an informal enquiry rather than making a definite commitment to volunteer. The organisation/s you are interested in may invite you in for a chat or send you an information pack. This is an opportunity for you to get all of the information you need so that you can decide whether you are definitely interested and want to volunteer with them. The information that you receive at this stage should also tell you what to do if you want to go ahead. The process of becoming a volunteer varies and will depend of the type of role that you have chosen.

You may be asked to complete an application form, or to provide references. If you are planning to volunteer with vulnerable adults or with children, you will also need a criminal record check. If you want information on how to disclose, we can also help with guidance around disclosures.
